Council Connection

Recent Council actions from November 3 meeting:

- **Award Sale of Bonds:** Awarded the sale of \$6,680,000 in general obligation refunding bonds. This refunding results in a net present value savings of more than \$360,000 to the City. As part of this process Standard & Poor's reaffirmed the City's AAA bond rating, the highest bond rating awarded. This rating is a statement of confidence in the City's current and future financial stability.
- **Design of Water Treatment Plan:** Authorized a professional service agreement with AE2S, Inc. for engineering design services for the construction of a water treatment plant. Shoreview's Capital Improvement Program includes the design and construction of a Water Treatment Plant to filter the iron and manganese from the City's ground water. These two chemicals are naturally occurring and commonly found in ground water supplies throughout Minnesota. Although the iron and manganese do not cause any health related issues, they can result in other aesthetic impacts to our water supply, such as taste, odor, and color. The construction of a water treatment plant is expected to occur in 2015 and 2016.

2014 Election Results

Martin, Quigley and Springhorn elected

The 2014 General Election was held on Tuesday, November 4th. In Shoreview, the Mayor position and two City Council positions were elected. Mayor Sandy Martin, running unopposed, was reelected with a total of 9,606 votes. Incumbent Councilmember Terry Quigley was reelected to the City Council with 4,841 votes and Cory Springhorn was elected to the Council with 3,999 votes. Cory currently serves as Co-chair of the Shoreview Human Rights Commission. For complete Shoreview election results, see [more details here](#).

Blue Lights to Increase Traffic Safety

New lights added to some traffic signals in Shoreview

In an effort to increase traffic safety, as well as make traffic enforcement safer and more efficient for police officers, blue lights have been installed on traffic signals at several intersections in Shoreview and throughout Ramsey County. These assist in reducing crashes caused by motorists driving through red lights. [Read more](#).
